3D Embroidery

3D stitch embroidery adds dimension to many logos. The technique uses rubber under the thread to achieve a raised design. This decoration technique will definitely make your logo stand out and make a lasting impression.

Colors Available: One color per decoration location using Robison-Anton® Thread

Heat Transfer

With Heat Transfer, artwork is digitally printed directly to a transfer film, then applied to the product using heat and pressure. This technique is ideal for complex artwork or photographs and uses a four-color process (CMYK) to produce colorful and detailed decoration.

Colors Available: Exact color match is N/A with CMYK*

Faux Suede Patch

Our Faux Suede decoration technique prints your logo on a faux suede patch and then the patch is stitched on the hat. This captures all the small details in logos as well as making a simple logo stand out.

Patch Shapes Available: Large Circle, Medium Circle, Small Circle, Rectangle, Small Rectangle, Oval, Diamond.
